Production Supplies

Access to Kitchenette

Flex Space in Warehouse

Flex Space in The Lighting League Offices

Additional Parking

Some notes:

Our Suite is part of a community of Small Businesses, please respect our neighbors and only park in the designated areas.

We are Flexible with our hours. We normally expect productions to start their day between 7am and 10am. If you need to start earlier or later please let us know before your quote. Our Prices are based on a 10 hour day. Please check your quote for overtime or early opening rates.

We are Lighting and Grip people and have a large list of qualified crew. We can also recommend well qualified crew for other departments.

We do offer discounted rates for Set building days. We consider Pre-light days the same as shoots because the power and HVAC requirements are the same as a shoot.

Fairfield NJ is a great location. We have two Home Depots, a shopping Mall, a party rental place, a Costco, a Target, and plenty of restaurants within 5 miles of the Studio.

For Transportation, we are car friendly, right off Interstate 80 and State Highway 46. For Public Transportation, there are NJ Transit Bus (Willowbrook Mall) and Trains (Wayne/Route 23 Transit Center) close by.

Quick Studio Lighting and Grip Packages

Of course you are welcome to submit any Grip, Electrical, and Lighting lists you would like, but we do offer some easy, discounted, packages to start with.
